

# Training of the In-Company Trainers

## AdA International - Basic Version (Local Dual VET)

### Accreditation:

The successful participation in this programme will be accredited by the German-Arab Chamber of Industry & Commerce (AHK) and Association of German Chambers of Industry and Commerce (DIHK). This accredited training programme refers to "Local dual VET in line with the German model".

### Who is this for:

This course is for in-company trainers/instructors of companies participating in dual education and training who are willing to acquire the international German accreditation certificate for level B (Local dual VET in line with the German model).

### Basic Version:

The contents are based on the German curriculum in four areas of in-company training activities:

- Checking training requirements and planning the training.
- Preparing the training and assist in the selection of trainees.
- Conducting the training.
- Completing the training.

### Terms of the Basic Version:

- Selection from German Trainer Qualification Regulation (AEVO).
- Focus on labour related and professional teaching ability.
- No adaptation required.
- First step towards AdA Full Version.

The course will be held in English language with Arabic translation.

### About the Trainer:

**Mr. Uwe Wieckenberg**  
Technical Director of  
ElSewedy Academies

Obtained his Master degree in educational science and political science at the University of Heidelberg in Germany. Mr. Uwe Wieckenberg worked at a teacher training institute, at the Distance Learning Centre of the Karlsruhe Institute of Technology and at the Department of Education of the University of Kaiserslautern, Germany.
